

Serial No. 10/604,445

**REMARKS**

Claims 1-31 are pending herein, with Claims 20-30 withdrawn from consideration. Claims 12, 14, 17-19, and 31 are allowed.<sup>1</sup> Claims 1-6, 8-11, 13, 15, and 16 are rejected and Claim 7 was objected to. In response, the Applicant has canceled Claim 1 and changed the dependency of Claims 2, 3, 8, 13, 15, and 16 to Claim 31. Claim 7 has been redrafted in independent form. The Applicant asserts that all claims should now be allowable and respectfully solicits the same.

The Applicant also has amended the specification to indicate that the 2.6 millimeter dimension with respect to the width of the lip involves the vertical direction. This amendment is consistent with original Claim 17 concerning the flange of the lip having a width of no more than about 2.6 millimeters. Likewise, the amendment is consistent with the arguments presented throughout the response to the previous Office Action.

---

<sup>1</sup> The Office Action does not mention Claim 31. In a telephone conference on December 9, 2004, the Examiner indicated that Claim 31 was allowed.

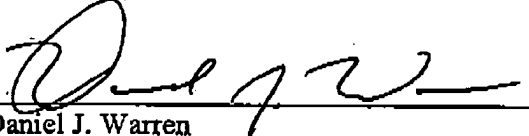

Serial No. 10/604,445

Respectfully submitted,
